26th February 2020

CRCW Project 2010 – 2020 Overview Report

Dear Friends,

Greetings from GRASSROOTS, Luton!

It is a great joy to share with you the enclosed overview of the Luton Church Related Community Work (CRCW) Project 2010-2020 titled 'Seeds on the Wind', launched on 15th February 2020 at the Project Finale Event.

We wish to express our gratitude to

- **The United Reformed Church for supporting with the staff costs**
- **The Methodist Church South Bedfordshire Circuit for supporting with the Manse**
- **Beds, Essex & Herts District for supporting the project costs**
- **The Church of England St Albans Diocese for supporting the project costs**
- **The Roman Catholic Holy Ghost Church for supporting the project costs**
- **Oakdale Methodist Church for supporting the project costs**
- **The Near Neighbours Programme for supporting with specific project funding**
- **Bury Park Beech Hill Council of Churches for co-hosting the project**
- **The CRCW Project Management Group (current and former members) for their support and encouragement**
- **All the faith communities and community organisations for their support**

As it says in the report, the aim of sharing this booklet is to celebrate what has happened during the life of the Project here in Luton, and also to encourage and inspire others living elsewhere to think of similar or different ideas and initiatives relevant to their own respective contexts.

May we all continue to scatter the seeds of hope wherever we are, and may new shoots continue to appear that we may recognise and feel encouraged by!

With best wishes,

David Jonathan (Johny)
